

Child & Family Services Day 2014

Please plan to read this announcement on the Sunday your congregation celebrates the ministries of LSC child and family services:

Today we are celebrating the ministries of Lutheran Services Carolinas. For those of you who are not familiar with this organization, LSC is a not-for-profit ministry serving the Carolinas through a wide array of programming including therapeutic foster care, services for veterans and adults with developmental and/or intellectual disabilities, and refugee resettlement. This organization reaches out to vulnerable populations: a refugee fleeing from persecution, a child with no place to call home, or a veteran who has served our country and is now homeless.

This Sunday we are lifting up the child and family ministries of Lutheran Services Carolinas through prayer and devotion. Let us consider the verse from Deuteronomy 6:12: "Be careful that you do not forget the Lord." This verse inspired the theme for LSC's emphasis month, "Remembering God's Love." We can remember and share God's love by honoring organizations like LSC who nurture our community. With the support of our congregation, LSC can continue to reach out to those who have nowhere to turn. If you would like to learn more about Lutheran Services Carolinas, please visit their website, www.LSCarolinas.net, or call 1-800-HELPING.

Note: If your church requested bulletin inserts, please be sure and call your congregation's attention to the information included in their bulletins.
